OBJECTIVE

To secure a challenging position in a reputable organization to expand my learnings , knowledge and skills.

INTERNSHIP

Company: iDatalytics

Location: Infopark, Kochi

Duration: May 2023 – Aug 2023

Post: Data Science intern

As an intern at iDatalytics I got a hands-on experience in Data science in Python. During the three months internship we focused on Python. Gained a hands-on experience while handling the dataset and also visualizing the data differently. Gained a basic knowledge about Artificial Intelligence, Machine Learning, Deep Learning and Tableau. Applied various algorithms used for data cleaning, modeling, and representation while working on mini-projects. Also demonstrated skills in data visualization tools in Power BI and Tableau.

EDUCATION
